CLARK

Strange place for a date.

AMARI

He is always full of surprises.

CLARK

Good surprises?

Cradling her pregnant belly with a smile.

AMARI

The best...My parents... I never met my dad. I certainly did not think that Diego was ready to be a father. I don't think he did either. And considering how nicely people have been treating me since I have become pregnant, seats on the bus, free ice cream at the corner store, maybe I should consider staying so forever. So many dreams for my little one, so many possibilities, love. Just hope Diego gets here soon. Before it gets too dark.

CLARK

Why do you think he invited you to come here?

AMARI

Maybe he was ready to propose? I noticed him being a bit unusual lately, secretive. He has no clue I don't care about the ring... or a theatrical proposal. Sometimes it is easy to get tired, indifferent in life. But with Diego things are always big, dramatic. It's like the colors he sees the world in are just more vivid, vibrant, brilliant. Like I was sleepwalking through the universe before...

CLARK

Awake now?

AMARI

Yes... And you?? You are gentle, kind to me. A rescuer of lost girls?
