

## INCHES AND MILES - Joe

INT. ROOM WITH ART ON THE WALL - DAY

Joe stands beside Sandy uncomfortably not talking to her.

Joe looks at the painting. He frames a portion, closes an eye, cocks his head slightly, then more and more until he loses his balance.

Flustered, he looks around to see if anyone noticed.

Joe has covered an eye and cocks his head in the other direction.

Joe studies the painting making air doodles over the surface.
