

DR. EVE STANFORD
Hi Dan. I'm Dr. Stanford.

DAN FENTON
Nice to meet you doctor.

DR. EVE STANFORD
Who referred you to my practice?

DAN FENTON
My Internist Dr. Tyme.

DR. EVE STANFORD
I believe I know him. Is his name
Justin Tyme?

DAN FENTON
Yes.

DR. EVE STANFORD
I know him. He's a great doctor. Why
did he suggest therapy?

DAN FENTON
He thought you might be able to help
me with my problem.

DR. EVE STANFORD
What do you believe is your problem?

DAN FENTON
I've been a widower, for two years. I
don't want to be alone anymore. I want
to find a woman to love and share my
life with again. It's been difficult
meeting someone.

DR. EVE STANFORD
Why has it been difficult?

DAN FENTON
Two years ago I joined an online
dating service. Through this service I
met and dated a number of women. None
of my dates worked out.

DR. EVE STANFORD
Tell me about these dates.

DR. EVE STANFORD

Yes, now I understand why you are disappointed with these particular dates. Dan, you may not be looking carefully at these dating profiles. Let me suggest that you give this dating service a rest for a while. How about calling a family member or close friend who may know someone you could meet?

DAN FENTON

Doctor, I appreciate your idea, but I don't have any friends with women who know single women. I have my doubts that this would work.

DR. EVE STANFORD

Dan you have to take the initiative and call people close to you. You never know what will happen. Our time is up now. Please make an appointment for next week with my patient coordinator.

DAN FENTON

Thank you doctor, I will.
